SUMMARY
Data Scientist with 1 years of combined study and project work.

SKILLS
scikit-learn, feature engineering, machine learning, data visualization, statistics, tensorflow

EXPERIENCE
Data Scientist, Northwind Labs (fictional) Jan 2023 - Present
- Trained scikit-learn models with feature engineering and ML to predict customer churn
- Engineered features using data visualization and validated with statistics
- Queried warehouse tables in tensorflow to assemble training sets
- Presented results with scikit-learn to non-technical stakeholders
- Improved recall by 12% after tuning hyperparameters

PROJECTS
Portfolio project: built a small application using sklearn.

EDUCATION
B.Tech in Computer Science, Sample Institute of Technology, 2019 - 2023

CERTIFICATIONS
Google Analytics Certification (sample), 2022
