SUMMARY
Frontend Developer with 2 years of combined study and project work.

SKILLS
git, redux, responsive design, accessibility, CSS, typescript

EXPERIENCE
Frontend Developer, Northwind Labs (fictional) Jan 2022 - Present
- Built reusable git components with redux and responsive design
- Implemented accessibility layouts that work from phones to desktops
- Improved CSS by adding keyboard navigation and labels, passing audits
- Covered UI logic with typescript and tracked changes in git
- Reduced bundle size by 20% through code splitting

PROJECTS
Portfolio project: built a small application using git.

EDUCATION
M.Sc in Statistics, Test University, 2020 - 2022

CERTIFICATIONS
Data Analytics Certificate (sample), 2021
